

# Symptoms of Coronavirus

From the Centers of Disease Control and Prevention. More information can be found at <https://www.cdc.gov/coronavirus/2019-ncov/>

## Watch for symptoms

Reported illnesses have ranged from mild symptoms to severe illness and death for confirmed coronavirus disease 2019 (COVID-19) cases.

These symptoms may appear **2-14 days after exposure** (based on the incubation period of MERS-CoV viruses).

**Fever**

**Shortness of breath**

**Cough**

## When to Seek Medical Attention

If you develop emergency warning signs for COVID-19 get medical attention immediately. Emergency warning signs include\*:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion or inability to arouse
- Bluish lips or face

\*This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.
