

NAD⁺ PLATINUM[®]

NAD⁺ Platinum is our pinnacle, all-in-one formula designed to power the pathways of energy and longevity. This highly bioavailable nutraceutical blend synergizes key compounds to charge healthy aging, energy currency, and cellular integrity.

Present in every cell in the body and a coenzyme in 500 chemical and biological reactions, NAD⁺ (nicotinamide adenine dinucleotide) is a critical molecule for energy generation, DNA repair, and cell signaling and survival.

Our premium NAD⁺ Platinum blend empowers three vital processes that keep us young — NAD⁺ generation, sirtuin activation, and methylation.

Suggested Use: Take 1/2 tsp. by mouth. Hold in mouth 30 seconds before swallowing. Repeat to desired dosage or as directed by a healthcare professional. Take on an empty stomach, at least 10 minutes before meals. Use within 90 days of opening. If pregnant, consult physician before use.

Supplement Facts

Serving Size: 2.5 mL (1/2 tsp.)	Amount	% Daily
Servings Per Container: 40	Per Serving	Value
Riboflavin (as Riboflavin-5-Phosphate)	3.6mg	277%
Vitamin B12 (as Methylcobalamin)	250mcg	10417%
NMN (B-Nicotinamide mononucleotide)	50mg	**
Proprietary Blend Trimethylglycine (as Betaine), Quercetin Dihydrate (from Sophora japonica flower), Resveratrol (from Polygonum cuspidatum root)	60mg	**

**Daily Value not established

Other Ingredients: Water, glycerin, ethanol, phospholipids (from purified sunflower seed lecithin), tocopherols, medium chain triglycerides, natural citrus oils, natural mixed tocopherols, natural flavoring

Vegan

Tested Soy Protein Free

Tested Gluten Free

Tested Non GMO

Tested Allergen-Free

POWER LONGEVITY, SUSTAINABLE ENERGY & CELLULAR INTEGRITY

NAD⁺ is our genetic key to longevity. But bodies age and NAD⁺ levels naturally decline over a lifetime. By age 50 most people have less than half the NAD⁺ they did at 20.

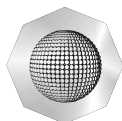

Specifically made to energize the biochemical and cellular actions that support “turning back time,” our NAD⁺ Platinum blend integrates foundational energy and longevity compounds known to promote healthy aging, untapped energy potential, and cellular integrity while also targeting senescent or “bad” cells that are no longer functioning properly.

WHAT'S IN NAD⁺ PLATINUM?

In NAD⁺ Platinum, we have concentrated:

- The direct precursor compound **NMN** to advance NAD⁺ production
- **B vitamins** to support balanced methylation — the biochemical process that keeps the NAD⁺ cycle turning
- Highly stable master phytochemicals **resveratrol and quercetin** to supercharge sirtuins (longevity proteins) and support the actions of NAD⁺

INGREDIENTS WORK TOGETHER FOR BIG BIOAVAILABLE BENEFITS

Because NAD⁺ production is dependent on complex chemical cofactors and processes, the ingredients in NAD⁺ Platinum support the body's foundational physical — and mental — health and performance. Benefits are profound, supporting everything from easing the aging process to enhancing cellular-level energy to aiding cognitive, immune, and metabolic functions. Best yet? Our unsurpassed liposomal delivery system sends this master blend directly to thirsty cells.
